Fulton county, Ark., but a man claiming to be the supposed dead man has written back to that place declaring that he is alive and working for the Et Pass & Southwestern railroad near here. General superintendent G. F. Hawkis, of the Southwestern, is unable to locate any such man on the payrolls of the commany, however, at least he is not on the rolls under that name.

Alose friends of Dubos back in Missouri do not believe that he is alive; they believe that he was murdered by robbers and his body thrown into the water near the town, and that somebody in El Paso is trying to perpetrate a hear upon them. However, an investigation is being made.

The investigation was started by the receipt in Mammoth Spring of the following letter, indiressed to the editor of the Mammoth Spring Democrat:

Chihuzhua, Mex., May 12, 1912.

Mr. Wm. Wahlquist, Dear Friend:

I received a letter from a friend yesterday by chance, starting that Arthur Burrow and Ben James were killed for the marder of me. I may be dead, but I have soft yet got sense chough to know it. I am a bridge guard for the El Paso & Southwestern railway. We have bell with the yellow belifts pretty often.

Well, this friend says the people

Well, this friend says the people are worked up about my troubles. My troubles are unknown to the world. I do not make my troubles public. I did not leave there for any crime that I had done. I have committed we crime nor caused anyone else to do so, and I don't want anybody to suffer for me.

Well, Will, you may publish this and correct bid spelling and awkward words. Yours as ever.

W. T. Dabis was a good man. He loved his wife and children. He had friends galore. There was absolutely no cause, so far as the public knows, for his going away os mysteriously.

He was a Knight of Pythias and an Odd Fellow in good standing, with membership in the local lodges here, and we don't believe he would thus ruthlessly tear himself away from these friends, his family and all that was near and dear to him.
